

DUNGEON DELVER

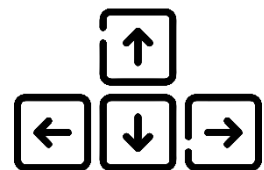

Game User Guide

Dungeon Delver is a fantasy adventure game of exploration and discovery where players are as likely to find vast riches as they are fatal dangers. In this game, players control a chivalrous knight seeking fortune and adventure in a dark dungeon. Help him navigate traps and collect his fortune through a variety of randomly generated maze environments.

How to Play

- Select Difficulty:
 - **Easy** – Generates a smaller map with less coins required to win and less traps.
 - **Medium** – Generates a standard map with coins required to win and traps.
 - **Hard** – Generates a larger map with more coins required to win and more traps.

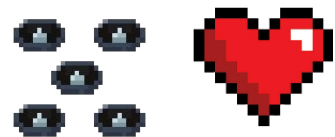

- Use of the Arrow Keys to move the knight around the dungeon.

- Collect all of the gold coins to help the knight build his fortune.

- Keep the knight alive by avoiding any of the deadly traps and preventing his health from reaching zero.
